

REPUBLICANS  
TO MAKE PLANS

Meet Thursday Next in Milwaukee, to Arrange Everything.

## LA FOLLETTE WELL

The Report That He Was Ill, Not True—Supposed To Be in New York.

## THE CAMPAIGN FUND

(Special A. D. Dispatch). Milwaukee, Wis., Sept. 6.—Thus far no definite plans have been made by the republican state central committee as to the manner in which the coming gubernatorial campaign is to be carried on or just who will comprise the corps of speakers that will be used throughout the state. These questions will be settled at a meeting to be held next Thursday morning at 11 o'clock at the Pilsner by the state central committee.

**Candidates Are Invited**  
The candidates on the state ticket have been invited to attend as have also the county chairmen of the state. The date for the official opening of the campaign will be settled upon and the best methods of raising the campaign fund. The routes for Governor La Follette's special train will also be mapped out. It is doubtful if the governor himself will be present as he is not expected to be back in the state until after that date.

**Milwaukee Chosen**  
It is understood that the keynote to the campaign will be played in Milwaukee on September 17 or 18 after which date the campaign will be continuous. Unless the present plans are changed the governor will make the tour of the state in much the same style as he did two years ago. He will have the aid of a large number of speakers and will be supported and followed by other speakers to be sent out to danger points by the central committee. Thus far the list of speakers numbers over 100 and are among the ablest in the state.

**The Subscriptions**  
A general idea of how much it will cost will be made out and then the list will be divided among the members of the central committee to raise in their own districts. The nominees of the state ticket will also be assessed so much as will the congressmen. The rest of the fund will be raised by subscription. This is the usual way and will be followed this year.

**LaFollette**  
While there are doubtless members of the state central committee who know where the governor is, the general opinion is that he and Mrs. LaFollette have gone to New York to visit Mr. and Mrs. Gilbert Roe, Mr. LaFollette's former law partner. LaFollette left French Lick with much secrecy and arrived in Chicago, leaving the train at 63rd street. His whereabouts are not known here today and it is said that he reports that he was seriously ill was a canard and that he is better than ever before. He and his wife did considerable walking while at French Lick and the governor seemed to be in the best of health.

MISS ADAMS STILL  
UNFIT FOR STAGE

Popular Actress Is Nervous and Easily Tired—New York Opening Is Postponed.

New York, Sept. 6.—(Special).—Miss Maude Adams will not begin her season in November. Charles Frohman, after receiving word from Miss Adams that her nervous system, upon which heavy calls have been made, needed further time for repair, decided at once to postpone her opening until late in the season. Letters received from her are in the most cheerful vein and are full of plans about her work. A cable received today said she was then on her way from Switzerland to France, and that, although feeling better, her nervous system had not been restored to strength, and she became easily fatigued. Miss Adams was to have opened in the Empire Theater in "As You Like It."

EDGERTON TO HAVE  
SEWERAGE SYSTEM

Edward Ruger, of This City, Has Been Engaged to Make the Survey.

Engineer Edward Ruger is engaged in making a survey of Edgerton for the purpose of laying out a system of sewerage in that city. Edgerton has a good system of water works and is much in need of a sewerage system. Captain Ruger was the best man they could find in the vicinity for making the survey and the drawing of the plans. He has had a great deal of experience in this particular line and is one of the best civil engineers in the country.

**Revolutionary Leader Dies.**  
Barcelona, Venezuela, Sept. 6.—Gen. Monagas, commander of the principal army of Gen. Matos, the leader of the revolution, is dead. His death is a great loss to the revolutionary cause.

PRAISE M'CREA  
FOR HIS AID

State Department Receives Letter from German Minister Commending the Captain.

Washington, D. C., Sept. 6.—(Special).—The state department this afternoon received a letter from Count von Quadt, first secretary of the German embassy, dated Manchester, Mass., Sept. 4, highly complimenting Commander McCrea of the United States gunboat Machias for his efforts in protecting the interests of German citizens at Bocas del Toro. The letter says:

"The Imperial consulate has reported to the chancellor of the empire that Captain McCrea, commanding the United States warship Machias, has complied in every way with the wishes of the consulate and has most obligingly interested himself in the defense of the interests of German citizens at Bocas del Toro, which were menaced."

**The Letter**  
"I have now received instructions from the Imperial government to express to the United States government its warmest thanks for Capt. McCrea's prompt and efficient action in behalf of German citizens whose interests were at stake. It takes special pleasure in bringing this to your excellency the assurances of my most distinguished consideration. A. QUADT."

"To John Hay, secretary of state of the United States."

## SPARKS FROM THE WIRES.

The White Star line has ordered the construction of the largest steamship in the world.

Steamer I. M. Weston of Chicago, used for drainage canal excursions, was destroyed by fire.

President Roosevelt has started on his southern trip expecting to arrive in Chattanooga on Sunday morning. Lieutenant Ward Whitchell reported to the navy department on the advantages of the oil fuel system for vessels.

The pope confirmed the appointment of Bishop Farley of New York as the successor of the late Archbishop Corrigan.

The London trades union conference rejected the resolution favoring woman's suffrage and condemned the Boer war as wrong.

Camp Roosevelt at Washington will represent a great military post during the coming encampment of the Grand Army of the Republic.

A Gould-Rockefeller railroad combine, involving a close alliance of the St. Paul and Missouri Pacific lines has been entered upon.

The National Biscuit Co.'s teams threatened to strike and cut off seventy per cent of Chicago's bread and bakery supply.

A French normal school will be founded in Chicago by M. Mabillean of the Paris Social Museum, during his visit here this summer.

Attorneys of the Chicago Board of Education will begin condemnation suits to obtain \$500,000 worth of real estate for play grounds and school sites.

Alfred Moore, of Chicago, the husband of the hospital patient who died from strychnine poisoning, will consult the coroner as to the proper action to take.

Harry Cluses's suit against Governor Yates to recover \$12 political assessment made against him as an asylum employee was begun before Justice Richardson.

A statement showing the increase in the number of banks, and the growth in the volume of banking business has been issued by the comptroller of currency.

Miners have returned to work in the Bramwell, W. Va., district, and rumors stated that men in the New and Kanawha River districts will declare the strike off.

A national movement with the object of aiding the striking coal miners has been started by the German turners, Bohemian, Polish and Norwegian societies co-operating.

Officials of the Wisconsin Central and Ann Arbor railroads are said to have been indicted at Minneapolis as the result of the inquiry into the alleged cutting of flour rates.

Dr. F. M. Whitman, superintendent of the Elgin asylum, said that the employees under him paid the five per cent assessment and said that the money went to Dr. A. L. French.

The statement has been denied that populist farmers in South Dakota set their dogs on young Roosevelt. They attempted to stop hunting but the effort was aimed no more at Roosevelt than any one else in the party.

Hayti government troops were defeated and General Esmanagard and artillery were captured by the rebels. Venezuela citizens have been forced to the verge of starvation by the revolution.

Twenty-one pensioned Chicago firemen must undergo a physical examination to determine their fitness to work. An effort will be made to save the city as much as possible on the pension lists.

Veterans who served as confederates before becoming union soldiers will be entitled to pensions only from the date claims are filed after July 1, 1902, according to a decision of the Washington pension commissioner.

## SEES DANGER FOR PRESIDENT

Polish Astrologer Says Stars Have Warned Him of Pending Attack.

Lowell, Mass., Sept. 6.—Frank Wilkos, a Pole, has brought himself to the attention of the police by predicting that an attempt would be made on President Roosevelt's life within the next seven days. He says that he is an astrologer and made the discovery by the stars. He begged the police to warn the president. The police considered the man harmless.

**Reported Lynching.**  
Kemmerer, Wyo., Sept. 6.—It is reported that John Keffler, the condemned murderer who was to have been executed Friday, but who obtained a stay of execution, was taken from the jail at Lander and lynched.

Chicago citizens declared that the dilapidated Milwaukee avenue cable cars required a knowledge of bronco busting to ride in safely.

ROOSEVELT ON  
TRUST PROBLEM

President Speaks to Immense Audience at Wheeling.

## A ROYAL WELCOME

Shows But Few Traces of Narrow Escape from Death.

## FAVORS AMENDMENT

(Special By Scripps-Mellae.)  
Wheeling, West Virginia, Sept. 6.—President Roosevelt and his party arrived in Wheeling this morning at eight thirty. The president had spent a comfortable night and except for a few bruises looked none the worse for his accident in Massachusetts. Senator Scott, of West Virginia, joined the party here.

**Royally Received**  
The President and his party were given a royal welcome by the citizens who were at the station to greet the party and he was escorted up town by a howling crowd of enthusiasts. He spoke from the balcony of the McClure House to an audience consisting of some five thousand people.

**Talked On Trusts**  
The President's remarks were largely devoted to the trust question. He reiterated his former remarks on the belief that a constitutional amendment would be necessary to deal with corporations.

**WRECK HOME OF A NON-UNION MAN**

Wilkesbarre Strikers Destroy Property of a Miner Who Went to Work.

(Special By Scripps-Mellae.)  
Wilkesbarre, Pa., Sept. 6.—A crowd of 500 strikers gathered at dusk, five miles north of this city, shortly before midnight last night and wrecked the house of Lawrence Twasosky, a miner who returned to work at the Delaware & Hudson Coal company's colliery. There were threats of "lynch the traitor." When it was found that Twasosky was not on the premises the crowd marched away.

CHARGE UNION MEN  
WITH COSTLY FIRE

Plant of the Independent Brewing Company of Cincinnati, Was Totally Destroyed.

(Special By Scripps-Mellae.)  
Cincinnati, O., Sept. 6.—The plant of the Independent Brewing company was burned to the ground this morning. The loss is \$100,000. Locked-out union men are charged with the fire.

SECRET MEETING  
HELD IN ENGLAND

Lord Chamberlain Has Conference with General Botha, Leader of Boer Forces.

(Special By Scripps-Mellae.)  
London, Sept. 6.—Lord Chamberlain and General Botha, the Boer general, held a secret conference today, the nature of which cannot be learned.

ENACTS REAL TRAGEDY  
ON THE MIMIC STAGE

Vienna Actress Fires Genuine Bullets Into Recreant Lover's Body, Then Ends Her Life.

Vienna, Sept. 6.—An unusual substitution of tragic realism for stage business has resulted here from the unhappy ending of the love affair of Julia Pakay, an actress, and Julius Bardos, an actor.

Julia and Julius had been engaged, but Julius found the charms of another woman more attractive than those of his fiancée, and the betrothal was broken. The couple continued playing at the same theater, however, and by singular chance the drama which they were called upon to enact upon the stage corresponded to a startling degree with the real tragedy of their lives.

In the play, as out of it, Julius was the sweetheart of Julia—and was faithless. Julia then had to shoot the sweetheart. And instead of using blank cartridges, the real jealous woman used real bullets, with fatal results. To make the tragedy complete she took her own life by opening one of her veins.

**Reported Lynching.**  
Kemmerer, Wyo., Sept. 6.—It is reported that John Keffler, the condemned murderer who was to have been executed Friday, but who obtained a stay of execution, was taken from the jail at Lander and lynched.

Chicago citizens declared that the dilapidated Milwaukee avenue cable cars required a knowledge of bronco busting to ride in safely.

FRANCE WANTS  
PELEE WATCHED

Request Is Made That a Permanent Observatory Be Established.

## PLAN NOT FAVORED

Scientific Mission Not Anxious To Take Risk of Another Eruption.

## MAY ABANDON ISLAND

(Special By Scripps-Mellae.)  
Paris, Sept. 6.—The Minister of Colonies has requested the head of the scientific mission, which testified to the cessation of the activity of Mt. Pelee and on the strength of whose recommendations the French government allowed the former inhabitants to return to the island, to establish a permanent observatory on the island.

**Afraid of Other Powers**  
The Minister of Colonies said today that were it not for the fear that some other power would seize the island, the French government would completely abandon it. He also said that the subject was still being considered by the French cabinet and that such a move might be made.

**Not Pleading**  
It is not thought that the proposition to the scientific mission that they establish a station there in the face of the present outbreak of lava after weeks of cessation is pleading.

PHILADELPHIA TO  
USE WELSH COAL

The Board of Education Buys Fuel in Wales for the Quaker City Schools.

(Special By Scripps-Mellae.)  
Philadelphia, Pa., Sept. 6.—For the first time in the history of the city the school buildings will be heated with coal mined in Wales. The board of education, after trying in vain to purchase its supplies in the state, was obliged to go abroad, and has accordingly contracted with a steamship company to furnish it with Welsh anthracite coal averaging \$6.50 a ton.

RACE ON BETWEEN  
OCEAN STEAMERS

Philadelphia Starts From Southampton for New York at Noon—Fuerst Bismark Starts Tomorrow.

(Special By Scripps-Mellae.)  
Southampton, Sept. 6.—The great trans-Atlantic race between the Fuerst Bismark and the Philadelphia started at noon today when the Philadelphia sailed for New York. The Bismark sails tomorrow.

NOTED AMERICAN  
IS ILL IN ITALY

Chief Chemist of the United States Agricultural Department Has Appendicitis.

(Special By Scripps-Mellae.)  
Venice, Sept. 6.—Prof. Harvey Wiley, chief chemist of the United States Agricultural department, is critically ill here with appendicitis.

PROF. RUDOLF VIRCHOW,  
SCIENTIST, IS DEAD

End of the Long and Useful Career of One of the World's Foremost Men.

Berlin, Sept. 6.—Professor Rudolf Virchow, leader among the world's scientists and one of the greatest pathologists who ever lived, passed away in this city after a long and useful career, in which he added constantly to the fund of knowledge of his profession. He had reached the age of 81 years.

Professor Rudolf Virchow was a director of the Berlin Pathological Institute and one of the greatest scientists. He had a twofold career—one as pathologist and anthropologist, and one as politician. It is not often that one man can achieve success in lines of activity so different, but Professor Virchow not only made himself an authority in his line of science, but also succeeded through his political labors in establishing the system of sanitation which has made Berlin a model of cleanliness for all the world. Necessarily his life was an active and a stormy one, but it also was full of honors.

**New Sewer for Waukegan.**  
Waukegan, Ill., Sept. 6.—The council has ordered the construction of an extensive sewer system to drain the south part of the city, which is thickly settled. It will cost about \$30,000 and will empty into Lake Michigan.

The North-Western road has promised to abandon its plan for a freight yard near the Onwentsia golf club at Lake Forest.

JEWISH SOCIETY  
MAKES STATEMENT

For the First Time in Its History It Makes Its Financial Accounts Public.

New York, Sept. 6.—(Special).—A detailed balance sheet of the accounts of the Jewish Colonization association the trust created by the late Baron de Hirsch with the donation of \$50,000,000 for the purpose of helping his co-religionists, has just been made public for the first time since its establishment. The association is best known by its formation of colonies in Argentina. Hitherto the accounts have been kept secret.

**The Accounts**  
The balance shows that \$2,019,597 was spent in 1901, and seven-eighths of this sum was obtained by interest. The Argentine project cost \$230,000 for direct relief, \$135,000 for purchase of new land for colonies, and \$65,000 for administrative purposes. American organizations received \$40,000 by way of subventions, \$110,000 by way of loan for agricultural work. In Russia the association spent \$100,000 on schools, \$5,000 in subventions, \$150,000 for erecting workers' dwellings, and \$30,000 in loans. Palestine received \$30,000 for schools and \$20,000 for subventions, while Asia Minor absorbed \$95,000. A loan of \$170,000 for the weavers of the Prayer Shawls in Dubrovna was made, and the purchase of land in Galicia for the purpose of colonization required \$120,000.

**STATE NOTES**  
Fully 6,000 people were on the grounds at the Monroe fair on Friday.

The Milwaukee Jahrmakt illumination will blaze for the first time tonight.

Frank Schmiede and W. J. Kelly of Appleton have filed papers of bankruptcy.

Milwaukee preachers will discuss in their Sunday addresses the Jahrmakt and its evils.

The seventh annual meeting of the Wisconsin Hotel Keepers' association opened at Fond du Lac Friday.

Articles of incorporation have been filed for the Badger Worsted Mills of Grafton, with a capital of \$100,000.

Gov. and Mrs. LaFollette have left French Lick, Indiana, for a visit in New York, with Mr. and Mrs. G. E. Roe.

As soon as Smith dormitory at Ripon has been completed a hospital ward for sick students will be instituted in the building.

The appointments of delegates to the farmers' congress to be held at Macon, Georgia, Oct. 7 to 10 have been announced at Madison.

Anthony J. Kohl, arrested at Thorp on the charge of attempting to murder his sweetheart, has been brought to Neillsville for trial.

Christine Ribble of Green Bay was sent to the county jail for thirty days for vagrancy, and committed suicide by taking carbolic acid.

Clara Oehler of Oshkosh, aged seventeen years, committed suicide by taking carbolic acid, because her parents objected to her intimacy with Bert Hunter.

Col. L. J. Rusk of Chippewa Falls, who has been in the Madison hospital since he came to assist in the state bar examination has been reported somewhat improved.

Steps will be taken by the Beaver Dam woolen mill company to force the city to improve the system of sewerage so that there will be no unwholesome accumulation in the mill race.

H. B. Peterson of Atlanta had an encounter with a large female bear and three cubs who were attempting to steal his bee hives. He put the bear to rout and killed the cubs.

Death came to the home of J. H. Leechy of Monroe twice within two hours on Friday evening. At 7:30 his brother expired of heart failure and at 8:45 his brother-in-law also died.

F. C. Carpenter, a student in a St. Louis art school has started to walk from his home near Prairie du Chien to St. Louis, expecting to take two or three weeks for the six hundred mile journey.

John Kiefer of Lima met with a serious accident while working with a threshing crew. He was still unconscious on Friday evening, although the accident happened at nine o'clock in the morning.

Superior logger, will prepare to fight the Highland Canal and Power company if he can prove that it will interfere with his logging interests by diminishing the water supply.

Ewald Running, a "trustee" at the Green Bay reformatory made his escape Wednesday evening and has not yet been found. He darted into the woods as the gang was returning from their work of clearing land.

The Northern Pacific has completed negotiations or land at Washburn on which to erect a new depot and dock. The road has been operating there for some time, but it has been unable to do more than a local business.

Great interest has been taken in the Saturday and Sunday performances at Green Bay of Otis Skinner's company in Lazarre. The scenes are laid in Green Bay and many of the residents can recall the actual facts.

A bad muddle has arisen in connection with the book contracts of the Fond du Lac city schools. An injunction may be issued against the school board by one of the contracting firms.

Business houses in Green Bay have begun to lose by the operations of a gang of burglars who for a month past have hardly let a night pass without entering at least one residence.

Edward Kline, a ten-year-old boy of Prairie du Chien found a dynamite cartridge, and taking it home hit it with a hammer. He will probably live, but his groin is badly lacerated and his hand nearly severed from the arm.

**Enthusias Comrades**  
His enthusiasm has become catching with his associates and aside from the chief candidate himself there will be an able corps of speakers at the disposal of the committee in charge of this line of work to send wherever they see the necessity.

John Farson, Jr., of Chicago has been arrested on a charge of attempted murder. With the girls consent he locked himself and his sweetheart, Miss Tillie Holtzappel in a room and turned on the gas.

EASTERN RAILWAY  
TO MAKE CHANGES

President of the Company Asks for Alterations in New York Streets.

New York, Sept. 6.—(Special).—Jacob A. Cantor, president of the borough of Manhattan, has received a petition from H. H. Newman, president of the New York Central and Hudson River company and of the New York and Harlem railroad company, asking the local board of improvements of the Murray Hill district to initiate proceedings for certain changes in Park avenue, between Forty-fourth and Forty-fifth streets, and sections of intersecting streets at points where they cross the Grand Central railroad yards. The motive power of the road is to be changed from steam to electricity, and greater trackage is essential. The railroad company guarantees and specifies its willingness to indemnify and save the city from all costs and expenses which may be incurred in order to effect the alterations.

GREAT REVOLUTION IN  
NEW LABOR LAWS

Roumanian Regulations Compel the Tradesmen to Have Certificates From the Guilds.

Bucharest, Sept. 6.—Roumania's new labor laws have gone into force. Henceforth no one will be allowed to work at any handicraft unless able to show a certificate of efficiency from his special guild. These guilds are required to maintain workmen's insurance funds and labor registries and to found adult technical schools. They must issue certificates to all who show satisfactory knowledge of their trades, and must nominate two workmen and two employers to act in conjunction with a representative of the government board of conciliation.

**Enthusias Comrades**  
His enthusiasm has become catching with his associates and aside from the chief candidate himself there will be an able corps of speakers at the disposal of the committee in charge of this line of work to send wherever they see the necessity.

John Farson, Jr., of Chicago has been arrested on a charge of attempted murder. With the girls consent he locked himself and his sweetheart, Miss Tillie Holtzappel in a room and turned on the gas.

CANDIDATE ROSE  
IS A HUSTLER

Starts an Active Campaign on Tuesday Next at Fond du Lac.

## A STRENUOUS MAN

His Managers Make His Itinerary Out for Two Months.

## RIDES IN A SPECIAL

(Special A. D. Dispatch.)  
Milwaukee, September 6.—Mayor Rose will allow no grass to grow under his feet during the next two months. He plans to start in at once and make an active and thorough campaign of the entire state clearly setting forth the issues and claims of democracy to the voters. Tuesday next is the date set for his first campaign speech and Fond du Lac is named as the city in which the opening wedge is to be driven.

**A Pushing Campaign**  
From the present outlook the democratic candidate for governor will lead a strenuous life until election. He plans to travel by special train to Fond du Lac and from there he will go up into the northern country spreading the doctrines of democracy. His itinerary as laid out by former Assemblyman William H. Fitzgerald of Cedarburg for the first ten days of the campaign includes six speeches a day in Washington, Fond du Lac, Sheboygan, Manitowish, Calumet, Winnebago, Brown, Oconto, Marinette, Shawano, Waupaca, Outagamie, Dodge counties and on September 20 to open the campaign in Milwaukee county.

**Rose a Hustler**  
As soon as the convention had nominated him Mayor Rose began his campaign planning and laying out the routes he should go to reach the best result. He is tireless in his energy and will make his stumping of the state thoroughly and without alighting any portion. His first ten days as planned compels him to cover considerable ground and he will speak not only from the back of trains but also in halls and open air meetings where such meetings are practicable.

**In Milwaukee**  
Milwaukee will practically be left alone until the end of the campaign by the hustling candidate except for occasional mass meetings and Sundays when he may run up. He will live on the special that has been arranged for and will make as strict a tour as though he were running for national office.

**Enthusias Comrades**  
His enthusiasm has become catching with his associates and aside from the chief candidate himself there will be an able corps of speakers at the disposal of the committee in charge of this line of work to send wherever they see the necessity.

John Farson, Jr., of Chicago has been arrested on a charge of attempted murder. With the girls consent he locked himself and his sweetheart, Miss Tillie Holtzappel in a room and turned on the gas.

EASTERN RAILWAY  
TO MAKE CHANGES

President of the Company Asks for Alterations in New York Streets.

NEWS NOTES FROM  
THE LINE CITYEX-SHERIFF DOES UP A BULLY  
IN QUICK ORDER.

STREET FAIR ON SEPT. 22-27

Public Schools Are Crowded—For-  
mal Ceremony for the Car-  
negie Library.Beloit, Wis., Sept. 6.—The annual  
reunion of Co's. B. and I. of the 22nd  
Wisconsin Volunteer Infantry, took  
place Tuesday, September 2 at the  
country home of L. L. Mosely, near  
Beloit.Merle Adkins, Beloit college's fa-  
mous young pitcher, who has been  
with the Milwaukee Western League  
team during the summer and who has  
made a wonderful record, has signed  
to play with the Chicago White  
Stockings, the coming season. Ad-  
kins finishes the college course at Be-  
loft the coming year and will only be  
in baseball afterwards until he accumu-  
lates sufficient money to acquire a  
doctor's diploma, which is the vocation  
that he expects to pursue in  
life.Dr. E. N. Clark, one of the oldest  
citizens of Beloit, and his sister, Mrs.  
Mary Helm, mother of Doctor Helm,  
are both very ill and are not expected  
to survive many days.The public library board has decid-  
ed to have a formal ceremony in con-  
nection with the laying of the corner  
stone of the new Carnegie building  
now in course of construction. The  
grounds are not in shape to accommo-  
date the crowds which would gather.

Mistake in Rails

The Interurban company has laid  
quite a number of T rails in the city  
limits in defiance of an ordinance and  
the mayor has notified the company  
that the rails must be at once remov-  
ed. Many Beloit citizens are wonder-  
ing whether it has not been a mis-  
take to have flange rails laid in the  
city as other cities—Rockford for one  
—have found the flange rail to be un-  
desirable and have removed them  
and substituted the T rail. But the  
ordinance governing the laying of  
track must be lived up to, hence the  
mayor's protest.

Beat A Bully

Ex-Sheriff Wm. Appleby and a lo-  
cal bully named Ed. Coughlin mixed  
it up in the former's saloon Wednes-  
day night with the result very unfa-  
vorable to Coughlin. The fracas came  
as the result of Coughlin's playful ac-  
tion in kicking the ex-sheriff on the  
shins. Coughlin has only just been  
released from the state prison where  
he had served three years for stealing  
a horse. In the police court this  
morning after his meeting with Apple-  
by, the judge sent what was left of  
the bully to the county jail for a  
short term.

Public Schools

The public schools have opened with  
a larger attendance than can be ac-  
commodated, despite the new buildings  
just brown open. On the west side  
half-day sessions are being held until  
further additions to the buildings are  
made. Almost the same condition is  
met with on the east side.

Street Fair

Preparations for the street fair to  
be held here from Sept. 22 to 27, in-  
clusive, are going merrily forward. The  
city is being flooded with advertising  
matter and surrounding cities may  
expect to be deluged in a short time.  
Many of the merchants did not favor  
the holding of the carnival but now  
that it has been finally decided to  
have it and \$1,500 in cash has been  
raised, all are pulling together to  
make the fair a big success.

tickets and information apply to  
agents, C. & N. W. Ry.

OSTEOPATHY

By C. L. Parsons, D. O., Eagle Grove,  
Iowa.

Appendicitis.

Case No. 2.—Mr. E. G. age 50. He  
gan to have severe pains in abdomen  
on Friday. By Sunday they had lo-  
calized over the appendix. I was called  
Tuesday morning and found the  
patient suffering intense pain with  
every symptom of appendicitis. Gave  
the customary treatment and great-  
ly relieved the pain; inflammation  
greatly subsided and the pain ceased.  
After six treatments, covering a period  
of three days, the patient was dis-  
charged as cured and he went to work  
the next Monday morning.

Acute Capillary Bronchitis.

Case No. 3.—Baby S., 3 months old.

Acute capillary bronchitis, seemed  
to be at death's door when called.  
First treatment gave some relief.  
Gave four treatments during the day  
and the next morning baby seemed to  
be so well that no more treatments  
were required.By T. C. Morris, D. O., Birmingham,  
Ala.

Headache.

Case No. 1.—Mrs. C. of Ashland,  
Ky., had suffered for twenty years  
with severe headaches, these attacks  
confining her to her bed for two or  
three days at a time.In December she was taken with a  
similar attack, and as she had found  
no relief from medical treatment, she  
concluded to try osteopathy. I was  
called and found the muscles of the  
neck and spine very tense. I thor-  
oughly relaxed all the structures by  
gradually increasing the pressure  
which entirely relieved her. Shortly  
after treatment she slept two hours.  
She has had no attack since.

Dislocated Knee.

Case No. 2.—On September 12, 1900,  
I was called to see Mr. F. of Ashland,  
Ky., who was suffering great pain  
from an injury while working in an  
ice plant. Upon examination, I  
found the right knee dislocated back-ward, also the innominate tilted for-  
ward. The latter condition occurred  
prior to this time and caused a short-  
ening of one and one-quarter inches  
of same limb. After thoroughly re-  
laxing the structures around the knee  
which required nearly thirty minutes,  
the dislocation was readily reduced.  
In two days after I reduced his in-  
nominate making the limbs of the same  
length.  
C. W. Bliss, D. O., Hayes Block.

BOOKS FOR THE MONTH

Woman's Influence in office is like  
that of a rose with a hundred leaves,  
though she may not know it. If she  
is in a position of trust, the whole  
office takes its tone from her. If  
she occupies an inferior position, her  
desk may be a center of good or evil  
influences. One feels a sense of pity  
for the vast army of weak, vacillating  
girls thrown into the business world  
who are forced down by its grind and  
temptations. The worst of it is, the  
business woman at large is not judged  
by her successes but by the weak-  
nesses and failures of her co-workers.  
As in the theatrical profession, busi-  
ness women of brains, ability, serious-  
ness and unassailable character have  
to live down the reputations given  
by their foolish sister workers.The girl who carries herself erect,  
moves quietly and easily, speaks in a  
soft tone, and only when it is neces-  
sary to speak, and who keeps all her  
belongings, including her wraps, in  
order, encourages order in the en-  
tire office. Her well-kept desk, with  
papers neatly filed so that the owner  
can lay her hands on them without  
searching, and pigeon-holes free from  
trash, sometimes acts as missionary  
for all the desks around. A floor  
free from scraps of paper adds to  
the scenic effect and calls down the  
blessings of the janitor.—Laura A.  
Smith, in Conkey's Home Journal for  
September.

Before undertaking the work at

Tuskegee that was to mean so much  
to the colored population of the South,  
Booker T. Washington traveled ex-  
tensively in Alabama. He found the  
form of education in vogue defective.  
"In some cases," he said in Everybody's  
Magazine, "I found young men who  
could solve the most difficult prob-  
lems in 'compound proportion,' or in  
'banking,' or in 'foreign exchange,'  
but who had never thought to figure  
out the reason why their fathers lost  
money on every bale of cotton they  
raised, and why they were constantly  
mortgaging their crops and going in  
debt. I found girls who could locate  
with accuracy the Alps or the Andes  
on the map, but who had no idea of  
the proper location of the knives and  
forks and dishes on an actual dinner  
table. I found those that remember-  
ed that bananas were grown in cer-  
tain South American countries, but  
to whom it had never occurred that  
bananas might be a good and health-  
ful food to sharpen the appetite at  
the breakfast table, supposing their  
work to be such as to allow them to  
buy such food. In a country where  
peaches, plums, vegetables, nuts and  
much other wholesome food could be  
produced with little effort, I found  
even school teachers in the summer  
eating salt-pork brought from Chicago  
and canned chicken and tomatoes ob-  
tained in Omaha."

Beat A Bully

Ex-Sheriff Wm. Appleby and a lo-  
cal bully named Ed. Coughlin mixed  
it up in the former's saloon Wednes-  
day night with the result very unfa-  
vorable to Coughlin. The fracas came  
as the result of Coughlin's playful ac-  
tion in kicking the ex-sheriff on the  
shins. Coughlin has only just been  
released from the state prison where  
he had served three years for stealing  
a horse. In the police court this  
morning after his meeting with Apple-  
by, the judge sent what was left of  
the bully to the county jail for a  
short term.

Public Schools

The public schools have opened with  
a larger attendance than can be ac-  
commodated, despite the new buildings  
just brown open. On the west side  
half-day sessions are being held until  
further additions to the buildings are  
made. Almost the same condition is  
met with on the east side.

Street Fair

Preparations for the street fair to  
be held here from Sept. 22 to 27, in-  
clusive, are going merrily forward. The  
city is being flooded with advertising  
matter and surrounding cities may  
expect to be deluged in a short time.  
Many of the merchants did not favor  
the holding of the carnival but now  
that it has been finally decided to  
have it and \$1,500 in cash has been

Dislocated Knee.

Case No. 2.—On September 12, 1900,  
I was called to see Mr. F. of Ashland,  
Ky., who was suffering great pain  
from an injury while working in an  
ice plant. Upon examination, I  
found the right knee dislocated back-SEASON WAS POOR  
FOR SODA DEALERSSUMMER TOO COLD AND RAINY  
TO CREATE THIRSTS.

BUSINESS HAS DECREASED

Last Year Mixers of Soft Drinks  
Were Kept Jumping—Differ-  
ent This Year.Soda fountain dealers in this city  
are emphatic, in cases even profane  
in their denunciation of the weather  
with which this section of the coun-  
try has been favored this year. Vari-  
ous druggists and confectioners esti-  
mate the decrease in their trade in  
that direction at from one-fifth to  
one third less than that of last year.

Too Wet and Cold.

Throughout the summer months  
there has been no protracted period  
of dry, sultry weather. In stead there  
has been rain, rain and then some  
more rain. If a day chanced when  
the clouds were not pouring the ther-  
mometer took a sudden drop, and peo-  
ple began to get out their overcoats.  
Such weather is not conducive to  
excessive indulgence in ice cold  
drinks. Of course there were days  
and many of them, when the trade  
in the delicious concoctions in which  
the drug store "mixer" excels were in  
great demand. But they were the  
exception rather than the rule.

Was Very Hot.

Last summer, on the other hand,  
the dealers say that there were many  
days when they could hardly mix the  
drinks fast enough to push them over  
the counter at their thirsty patrons.  
For nearly a month the mercury hover-  
ed in the vicinity of the century  
mark, and it was a bold American who  
could walk down the street without  
stopping to indulge in at least one  
thirst chaser. The skilled dispenser  
of carbonated water and fruit syrups  
in the form of refreshing drinks had  
no opportunity to stand idle during the  
vacation months of 1901.

No Business.

This year all has been changed. One  
clerk said that he had been taking a  
perpetual vacation all summer, with  
nothing to do but stand in the office  
window and look pleasant. Now and  
then some one would give him an op-  
portunity to display his ability in  
mixing a sundae or an egg phosphate,  
but in general his was the pampered  
life of a millionaire yacht owner, or  
bleated bond holder.

Lost One Quarter.

The falling off in the trade in this  
direction in comparison with last year  
is estimated at about twenty-five per  
cent. At some places the decrease  
has been placed lower than that, while  
others were emphatic in their asser-  
tions that at least that, if not more,  
had been lost by the inclemency of  
the season.

FACTS FOR FICTION.

Janesville has the post office site  
anyway.It is rumored that the ice men have  
formed a merger with the coal trust.How would you like to be the ice  
man? That will be enough for you.It rather looks as though this was a  
case where Manager Myers was  
"Caught in a Web."There may not be any duck this fall,  
but what splendid opportunities for  
the hunters to tell of the ones they  
saw and didn't get.When you have been out and want  
to get in take a Red Raven says Dr.  
Dick. Must you carry the bird in  
your pocket for use at the keyhole?It is a great relief that Baldwin has  
at last told us what the matter really  
was. Of course the same story  
was out three years ago, but feel  
better anyway.Bartholin must find the daily news-  
papers rather dull reading nowadays  
without any more half page heads to  
inform him of the various places  
where he has been arrested.A Madison man has a scheme to  
get rich in from fifteen to twenty min-  
utes by selling cat tails. Soon some  
budding genius will blossom forth with  
a plan for turning pusley into large  
ten dollar gold pieces.It is marvelous the number of  
fairs in the state that have selected  
this year to draw the largest crowds  
on record, and eclipse everything  
else that has occurred in Wisconsin  
in 1902.Don't talk about the dry and arid  
sands of the Sahara or the dusty  
plains of Nebraska. A visitor in  
Janesville Friday would be willing to  
concede to that city the ability of  
raising some dust now and then.What a fool that burglar was who  
operated in this city circus day, to  
try for mere watches and money. A  
few lumps of anthracite coal, of which  
one dealer has nearly fifteen ounces,  
would have insured him a competency  
for life.It is too bad that Pelee could not  
do better than that the second time.  
For a beginner the old girl showed  
up pretty well, but we are a bit afraid  
she hasn't caught the twentieth cen-  
tury ideas of progress.At any rate Janesville did a great  
service to the carnival world by set-  
ting up a 'horrible example of what a  
street fair may be turned into. Be-  
loft will now proceed to give a fair  
that will show how a good little town  
should act.It has been intimated by certain  
gentlemen who figured in doings at  
the Cream City not many days ago,  
that the last Rose of summer would  
continue to bloom rather later than  
usual this year, but then there are  
some bitter frosts in November.The trust congress at London has  
put its official stamp of disapprovalon arbitration boards. Far better  
the American system under which  
workmen stand for their principles  
until the country shivers from Pen-  
obscot to the Pacific, the miners' chil-  
dren beg for rags to cover them, and  
the financial market 'does stunts' that  
would put an unbridled bronco to  
shame.How nice it is for young Teddy  
that the whole country knows every  
time he cleans his gun, or walks half  
a mile after a bird and then misses  
it. His Teddlets must feel better  
since he discharged that shot at the  
old gentleman in the party without  
coming close enough to do more than  
blow air holes in his coat tail. Pret-  
ty poor, Theodore! Take a brace.

No Time Lost

By Busy Men  
Who travel on the Pennsylvania  
Special, the new twenty-four hour  
train Chicago to New York. Leave  
Chicago at twelve noon, arrive New  
York next morning at nine. Solid  
train and solid comfort all the way.

G. P. Agt., 248 South Clark Street,  
Chicago.

INVENTS MACHINE

TO TIE TOBACCO

Practical Device That Will Mean a  
Saving of Leaf and of  
Time.J. W. Clark and A. L. Fisher are  
the patentees of a machine that will  
make quite a saving in tobacco ware-  
houses both in time and tobacco. The  
machine is called a tobacco tier and  
is designed to take the place of the  
leaf used to tie up the hands of one  
movement of the lever will make a  
string tie around the end of the hand  
that is far superior to the way which  
goods are now tied. It not only  
saves time but a large quantity of to-  
bacco. The knot is so made that it  
is perfectly tight and still is loosen-  
ed by simply pulling the end of the  
string.Warehouse men have been figuring  
on a machine of this kind for a long  
time. Mr. Fisher became interested  
in it and had Mr. Clark see what could  
be done in that direction. Mr. Clark  
went to work on the design July 1  
and September 1 he had turned out a  
machine that does the work perfectly.The patentees think that they have  
what the dealers are in search of and  
that there will be a big demand for  
the machine when once it is put on  
the market.

The Secret of the Place.

By Charlotte Porter.

A little path winds sauntering to our  
door,  
All through the clover;  
Sea touches soothe your cheek and  
kiss your brow,  
As you come over,  
The Sea and Earth embraced catch  
you up, too;  
Here they love each other. Here  
how they love—  
You!And all day long  
A little bird's song  
Interprets you the secret of the place:  
"Oh but life is sweet, sweet!  
Life is sweet! Sweet!"The sea is like a tossing daisy-field,  
Darkling and whitening;  
The daisy-field's a sun-flecked sea of  
foam,  
Threatening and brightening.  
All differences there are beneath the  
sun.How they melt in music! How they  
here are—  
One!Where all day long  
A little bird's song  
Interprets you the secret of the place:  
"Oh! but life is sweet, sweet!  
Life is sweet! Sweet!"

## A BRAVE HEART.

Lying on a couch by a window that looked out on the street, a young man was making a heroic struggle against disease, which for two years had held him in its merciless grasp.

He had every thing to live for. Wife and children, a comfortable home, a business in which he was absorbed, and a host of friends that had known him from boyhood, and so when he was called back from the verge of the grave after the first acute attack, his brave heart and hopeful disposition were like a tonic.

During the long months of weary suffering, no complaint was heard, but every energy was bent to the unequal struggle.

His mind was active, and he took the same lively interest about what was transpiring in the business and political world, that he did when on the street. To the friends who saw him frequently, he was ever cheerful and hopeful, and a chat with him for half an hour, was always an inspiration.

In spite of all that loving care and ministrations could accomplish, disease held him in relentless grasp, and when as a last resort he sought relief in a change of climate, it was not difficult to realize that the end was rapidly approaching.

When death relieved him from suffering, it found him in happy unconsciousness, and while he died away from home and friends, the last hours were peaceful and without a struggle.

Barton F. Nowlan was a hero, possessing traits of character which are rare and very commendable. For two years he looked death in the face, and was familiar with every encroachment made by the grim enemy, yet he never lost heart.

He would have mastered ordinary disease and laughed it in the face. His memory will linger as a benediction in the home, and will inspire in the hearts of his friends a keener appreciation of life when beset with discouragements.

The lessons which come from such a life are practical, and while the experiences of suffering and long continued battling do not fall to the common lot of humanity, yet a brave heart and hopeful disposition are well worth cultivating.

The pathway of life is rugged and many of the difficulties of life can neither be removed nor overcome.

It is an old maxim, and as true as life is ancient, that "what can't be cured must be endured." Life is largely a question of endurance but the quality of endurance is frequently at fault. Many people compel others to carry their burdens, forgetful of the fact that every life has its own burdens and usually the full share.

Personal trouble or suffering is a fruitful topic, and with some people it never grows old. They enjoy a season of semi-invalism from the cradle to the grave, and usually live to a ripe old age.

They seem possessed of the notion that they have a monopoly on all the diseases to which the flesh is heir, and unless they are fully exploited the race will die in ignorance. Life to them is one constant round of worry, and yet a careful diagnosis fails to reveal the presence of disease.

Some one has recently written an article on the topic, "Wrinkles on the Heart," in which the statement is made that some grandmothers have faces that hardly show a wrinkle, while some granddaughters have brows as seamed as they might be at sixty.

If the heart is the fountain of youth it should be kept free from wrinkles, and this can be done by cultivating a spirit of bravery, and a disposition to make the best of life, however hard the conditions.

Self advertised trouble is seldom real, and never dangerous. Some years ago a young physician opened an office in the city where he graduated, but he was unable to stand the strain of general practice and so de-

clined to take up special work. Consulting the president of his college the gentleman said to him: "My boy spend a year on Bright's disease, and then open a downtown office, and be prepared to tell people who call on you that they haven't got it, and your fortune is made." The young man followed the advice and succeeded.

The same old gentleman who was himself a specialist, said, "People never die of heart disease who think they have it."

One of the weaknesses of humanity is worrying over imaginary ills, and thus uniting the heart to meet real trouble when it comes.

Stand in the presence of real suffering, where inherited diseases or accident has rendered every day life a battle field and note the fortitude and heroism displayed. Nothing is said about disease and every effort is made on the part of the sufferer to take a cheerful view of life. Attempt to philosophize about this kind of endurance, and you invariably conclude that you couldn't live under similar circumstances with any degree of patience.

There are some problems of life that the mind fails to grasp, and theorize as we may they continue to be perplexing. Fortitude under real physical suffering is one of them, and this is true because the strength displayed is not a matter of intellect. It is deeper than that and gathers inspiration from the heart itself.

The love of life, of home, and friends is sacred. No process of reasoning is necessary to explain it. The mysteries of the heart are greater than the mysteries of the mind and its resources are never appreciated until drawn upon by the great exigencies of life.

The mind, like the body is subject to disease, and its ailments are more numerous and frequently more troublesome. The mind is responsible for the imaginary ills of life, but the heart that beats true in normal condition is full of hope and courage. The world will be better and brighter when the heart of humanity is permitted to exercise its functions more freely, and the heroism of everyday suffering will be more fully appreciated.

## THE CAMPAIGN

The nomination of Mayor Rose by the democratic convention was not a matter of surprise. Mr. Rose possesses elements of popularity that contribute largely to his strength as a politician, while conservative party leaders may not endorse the man or his methods, yet they are forced to admit that he is the choice of the masses.

The campaign, which will follow, promises to be extremely lively and interesting. The bitter contest, which so long prevailed in the republican party has furnished democracy with thunder for half a dozen campaigns, and the party will not be slow in using it. The contest will be between democracy of the free and easy type, and La Folletteism. Conservative men of both parties will not be intensely interested, because republicanism and democracy are not fairly represented.

Mayor Rose will doubtless poll as many votes as any candidate that could be named, but he will lack at least 25000 of enough to elect him.

The politics of the state are in a period of evolution. The democratic party is still in the throes of Bryanism and the republican party has been hypnotized by La Folletteism. The outcome will be the success of the La Follette ticket and a republican legislature.

Governor La Follette poses as a reformer, Mayor Rose as a politician. As between the two, the reformer has the advantage for this is a reform era, and the masses are led to believe that a reform leader will lead them out into an Eldorado of perpetual sunshine.

Any public man who denounces corporations, talks about God's patient poor, and plays to the galleries, is sure of a following. This sort of twaddle is just now creating a commotion in Ohio, and Tom Johnson, the arrant mayor of Cleveland is in training as the next democratic nominee for president.

If the democratic platform had gone La Follette one better on reform measures it would have been helpful to Mayor Rose in his campaign. If it had said to the people, we propose to have the railroads and corporations pay all of the taxes, pass laws that will put the price of meat at 10 cents per pound and coal at \$6.00 per ton, then the mayor would have had something to talk about and the party something to recommend it. But as it is, the case is hopeless. The campaign will be destitute of glory, because no one will attempt to answer the mayor's charges and his ammunition will be wasted.

Kansas has sent a pushing real estate agent to Posen to show that city how to utilize the grounds that will be acquired by the razing of the fortifications. He will probably lay off all the ground in lots sell a few, put in a sewer and side walks and then leave the property to take care of itself after the boom is past.

The old information that is going the rounds that the democrats stayed away from their own party caucuses because they had helped to nominate "Bob" has a double meaning. Can you read the riddle the Sphinx is asking?

The Tom Johnson campaign in Ohio will be a whole circus with a one ring show. Johnson will tour the state with a tent which will accommodate 3500 people, giving two per-

formances a day and doing all the stunts himself. Bryan may be induced to join the aggregation with the Kansas City platform, which Johnson fully endorses.

The Pittsfield accident is only different from the rest of a like nature that happen every day, in that, President Roosevelt, the nation's head happened to be in the mix up.

Word comes that New Foundland really prefers reciprocity with the United States than with Canada. Now is Uncle Sam's chance to make a ten strike.

The democratic platform is so worded and formed that it is designated to capture the stray republican votes that may wander from the fold.

The grindstone industry has been turned into a trust and there is a monopoly now on the grinding end of the business. What next?

Now Lake Michigan is changing from a water route to Gretna Green to a suicidal route, too—well, wherever you happen to land.

Tea dealers do not think that the taking off the ten per cent. tax on tea will make any difference in the present price of teas.

America is not yet producing enough raw tin ore for its home production, but give it time and it will.

How did the cruiser Brooklyn run around with Admiral Crowinshield so far away?

Ohio politics may look to Mark Hanna like "Too Much Johnson."

## PRESS COMMENT.

La Crosse Chronicle: Ten cents from every man who celebrates Labor Day would place the striking miners where there would be no doubt of their victory in the great struggle.

Eau Claire Leader: There is not a department of the government which does not show the good results of having a young, wise, fearless and energetic man in the White House.

Madison Democrat: Down in Missouri one judge has clapped another in jail for violating an injunction. This raises no out cry against government by injunction.

Baraboo News: People of this vicinity must be prosperous since so few found time to attend the old settlers' meeting Thursday and the matinees yesterday.

Chicago Inter-Ocean: Booker T. Washington says that work uplifts the negro. He might have made the statement so as to include the Caucasian also.

Oshkosh Northwestern: It is claimed that the only way to make a good cook is to discharge her five or six times and take her back, but it is quite impossible to work the same trick with one's wife.

Green Bay Gazette: Wiseacres are prophesying that the cool summer means a warm fall and winter. In the face of the coal strike it is to be devoutly hoped that they may guess right this time.

Washington Post: The Hon. John Edward Addicks says he is confident of success in the approaching fight for the Delaware senatorial toga. All of which doubtless means that the gentleman has removed the rubber band from his roll.

Chicago Record-Herald: A Palmist who examined the hand of Miss Alice Roosevelt says she will have an early and wealthy marriage with the one of her choice. It is simply wonderful how these palmists and fortune tellers can foretell such things.

Chicago Chronicle: The "Knox punch" is the tribute of an Atlantic City bartender to the pugilistic prowess of his excellency the attorney general. It goes without saying that the conception is strong and warranted to knock out trust magnates in the first round.

Atlanta Journal: In proclaiming himself the father of the free rural delivery system of the country Congressman Livingston is certainly adding something to the sum of knowledge possessed by Hon. Tom Watson, the originator of the idea, and Congressman Latimer, the author of the bill.

## KILLED BY AN ELECTRIC SHOCK

GLEN JAYCOX TOUCHES LIVE WIRE, AND DIES.

WAS A TELEPHONE LINEMAN

The Accident Occurred Near Beloit, While He Was Measuring Pole for Wires.

Glen Jaycox, a lineman in the employ of the Wisconsin telephone company, was instantly killed at noon today near Beloit by electricity in a supposed dead wire of the Beloit and Rockford Interurban line. The accident occurred just as the men were starting in for their afternoon's work a few miles south of this city.

On A Pole  
Jaycox was at the top of a telephone pole which he was measuring and accidentally touched the return wire of the electric company. His steel climbers made the circuit complete and he dropped to the ground, forty feet below. When he was reached by the other men of the party he was found to have been killed by the shock which he had received.

Had Just Started  
Jaycox's home is in Fort Atkinson and he has only been working in Beloit and its vicinity since the recent strike. As far as is known he is not married. His parents live at Fort Atkinson. The accident occurred over the state line and the coroner of Rockford has the body in charge.

## GREAT DEMAND FOR HUNTING LICENSES

The Reports from Different Counties Show an Increase in Number Over Last Season.

According to reports made to the state game warden the total number of resident licenses issued in all but twelve of the counties which have so far failed to make returns, is 14,736, as against 14,117 for the entire state on the same date, Sept. 1, last year.

County Clerk Starr has issued over four hundred licenses so far this season.

## MANY ENJOYED NEW ENGLAND SUPPER

Appetizing Repast Served by the Foreign Mission Circle of the First M. E. Church.

The Foreign Mission society of the First M. E. church held its annual meeting yesterday afternoon in the church parlors. After the business meeting a New England supper was served and enjoyed by all. The tables were handsomely decorated in pink and white, and yellow and white. The meeting was largely attended and was a source of benefit and pleasure to all.

## NEWS OF THE CITY IN BRIEF.

Kindergarten Equipment: A quantity of kindergarten equipment has been received by the school board for use during the coming year.

No Meeting Wednesday: On account of Masonic hall being torn up for repairs there will be no meeting of Janesville chapter, No. 69, O. E. S., on Wednesday evening, September 10th.

Sunday School Hour Changed: The Sunday schools which have been holding their sessions at 10 o'clock during the summer months will return to the former hour of 12 o'clock with tomorrow's service, convening after the church service instead of before.

City Hall Finished: This afternoon the last stroke was made on the decorations of the city hall, and very handsome and the finished result. About two days will be required to complete the fitting of the main vestibule and the rooms in the basement, but no more decorating will be done.

Paper Box Factory: Ex-Mayor Thorpe expects to know definitely in a day or two whether or not George Vinnedge of St. Joseph, Mich., will occupy the building next to the box factory for a paper box factory. The arrangements for the occupancy of the building are all completed and will be closed up as soon as a matter in Chicago is settled.

In Justice Court: In Justice Reeders court this morning the case of Buggs against Shoemaker with C. C. Gray as garnishee was called and adjourned until Wednesday. The case of W. F. Pierce against George Walker was called at ten o'clock. Ralph Adair appeared as attorney for the plaintiff and in the failure of the defendant to appear the case was adjourned on motion of the plaintiff until 3:30.

Beloit Transfers: Evidence of the number of real estate transfers which are taking place in Beloit was given by six deeds which were filed at the court house on Friday. All six of them were from the same person, Hugh McGavock, and disposed of a number of lots in McGavock's fourth addition to Beloit. Altogether eleven lots were sold, for a total of \$2,200.

Mining Invention: H. R. Weaver of Ridgeway, Ind., spent a few hours in Janesville between trains this morning. Mr. Weaver has an invention which he believes can be made of incalculable value as an aid in mining lead, and he will go immediately to the mining regions in the northern part of this state where he will consult with practical miners. Mr. Weaver has not yet secured a patent on his apparatus and is therefore reticent as to its nature.

Next Wednesday the Day: Contractor James Rowson was in the city yesterday looking over the city hall and expects to have the building ready for acceptance by the city by next Wednesday night. The building has now reached that stage of completion that it will only take a few days to finish it up. The building committee will make a thorough investigation of the building and will report to the council at its next meeting, September 15.

## BRIEF BITS OF LOCAL NEWS

Closing out sale at 8 o'clock. Nash, Miss Ruth Culver has returned from Chicago where she spent two days. Excursion to Duluth tonight at 8:10 by C. & N. W. Ry. Fare only \$5 round trip.

All fruit goes at 8 o'clock. Nash, Mrs. Frances J. Edwards of Milwaukee is visiting the Rev. J. Churn and family.

Excellent assortment of fall dress goods. Choice, serviceable, stylish. Bort, Bailey & Co.

Mr. C. W. Bliss, D. O., is in Chicago today on business. He will return tomorrow night.

Frank Sanner, at present making his home in El Paso, Tex., is home for a month's visit.

Mrs. A. M. Minty, of Battle Creek, Mich., is the guest of Miss Genevieve M. Rich.

Mr. D. C. Smith and Miss Hattie Smith of Parker, S. D., are the guests of Mrs. C. H. Smith.

Dress goods at 50, 75, \$1, \$1.25, \$1.50 and \$2 per yard the choicest creations of the big factories. Bort, Bailey & Co.

One hundred loaves of yesterday's bread, soft and good, at half price. Grubb.

Big supply of home made baking for this evening's trade. Grubb.

Two hundred large home grown cantelopes this evening, at from 5 to 8 cts. Grubb.

The Wisconsin state fair will be held in Milwaukee, Sept. 8-12. Half rates have been secured on all railroad lines in the state, and the Northern Peninsula of Michigan.

Excursion to Duluth tonight at 8:10 by C. & N. W. Ry. Fare only \$5 round trip.

C. W. Brooks, Avon's leading merchant, is in the city today on business.

Four hundred and eighty pair ladies' fast black cotton stockings regular. 10 cts. pair, 3 pair 25 cts. Bort, Bailey & Co.

New fall dress goods in great variety of patterns and cloths, large space page tells about the good things at Bort, Bailey & Co.

The ladies' tailor made suits we are selling at \$5.00, \$7.50, \$10.00 and \$12.50 are values that cannot be matched elsewhere at these prices. T. P. Burns.

Weather like this is conducive to early fall shopping; our display advertisement page 7 speaks of new dress goods. Bort, Bailey & Co.

We are showing a line of heavy black skirts at 75c, \$1.00, \$1.50 and \$2.00, which are values that should not be overlooked. T. P. Burns.

No one can afford to guess about their eyes, providing they are giving you trouble. Consult W. F. Hayes, the eye specialist with F. C. Cook & Co. Mr. Hayes is in his Janesville office every Saturday and Monday.

A. D. Kennedy of Chicago and C. A. Benjamin of New York arrived in the city yesterday from Rockford on their automobile. They are making a tour of the cities in the southern part of the state.

Christ Church—Fifteenth Sunday after Trinity. Litany, sermon and celebration of the Holy Communion, 10:30 a. m. Sermon topic: "Our God and Our Lives." Sunday school at 12 m. No evening service. Annual parish meeting, Monday 7:30 p. m.

A Divorce: Judge Dunwiddie today granted a divorce to Joseph McMichael from Mary E. McMichael. The parties are from Clinton, one of the allegations in the plaintiff's complaint being that his wife joshed him when he went to pray. William Jones of Clinton appeared for the plaintiff.

In Municipal Court: John Hendricks of Edgerton was before Judge Field this afternoon on the charge of being drunk and disorderly. He has three sons-in-law living in this city and makes a practice of coming down here and making them trouble every time he gets drunk. He is so abusive that his wife is afraid to live with him and is now living with her daughters in this city. Hendricks chased her from one daughter's house to the other before the police nabbed him and put him in the lock-up. He pleaded guilty to the charge preferred against him, but on his promise to keep sober and leave the city and not to come back again the judge suspended sentence. He told Hendricks that if he came back again he would give him the limit. Officer Fanning put him aboard the train this afternoon and started him for home.

## BUYS LODI NEWSPAPER

C. L. Coward Will Publish Lodi Enterprise

C. L. Coward, who has been connected with the printing department of the Gazette the past two years, has purchased the Lodi Enterprise at Lodi, Wis., and leaves for that place on Monday to assume charge of his new property. Mr. Coward has had ample newspaper experience, having owned plants at Waupun and Elroy. He is a wide awake energetic man and will be a splendid addition to the community which he has chosen for his future home. Mrs. Coward and daughter will remain in this city for a short time.

## BUSINESS MEN INTERESTED

Many Have Made The Purchase of the Lambert Typewriter

During the past two weeks many local business men have made the purchase of the Lambert typewriter from T. P. Burns, the local representative. The famous Lambert machine is a marvel and at \$20 each is today considered to be the greatest typewriter bargain on the market. This wonderful machine is now on exhibition at T. P. Burns' dry goods store.

Purely Common Sense

Should be the means of having you purchase your teas and coffees in a store that has for years made these two departments a special feature. Such a department is operated in connection with the C. D. Stevens' grocery on North Main street. A genuine Mocha and Java coffee that sells at 25 cts. is a tender as is a warranted Jap tea that retails at 60 cts. When you purchase these articles you buy the best to be obtained for the price.

## MORE MONEY IS STILL NECESSARY

COMMITTEE ANXIOUS TO RAISE FACTORY FUNDS.

OVER HALF IS SUBSCRIBED

Shade Company Will Only Come When the Desired Bonus Is Complete.

The action of the Hough, Porch Shade company in regard to removing the plant from Worcester, Mass., to this city, was subject to the raising of the bonus required by the people of the city of Janesville.

Committee Working  
The subscription committee is still working about the city to get the money necessary to bring the factory here. They have not secured nearly what is required by the company but are confident that they will.

Idea Wrong  
The idea that the company will come here anyway whether the bonus is raised or not is a wrong one. The action of the directors of the company sanctioning the removal of the plant to Janesville was in view of the assurances given them that the bonus would surely be raised.

Need Money  
The committee of business men hustling for subscriptions do not wish the idea that the factory is coming anyway, bonus or no bonus, to get around.

## MANAGER MYERS CAUGHT IN WEB

Company Billed For Sunday to Give Their Performance To-night.

Manager Myers is apparently "Caught in the Web" owing to the action of the common council in restricting Sunday shows. To get out of this "web" he has obtained the consent of the manager of "Caught in the Web" company to give his performance tonight instead of tomorrow night as was planned originally.

Mr. Myers says that never again will he try and make innovations into Janesville of the nature of Sunday performances until all of the people want them. One experience is enough for him.

## Y. M. C. A. GYM. IS NOW READY

The Examinations for the Junior Classes Commenced This Morning

W. E. Mack, Y. M. C. A. physical director, today opened his office for the physical examination of those who wished to enter the Junior gymnasium class which holds its first session on Monday afternoon. Thirteen of the youngsters presented themselves for examination. While one boy was in the physical instruction room going through the ordeal, the others reigned unmolested in the gymnasium, swinging in the rings, tumbling on the mats, and daring one another to try difficult feats of strength. The boys feel that they are within a step of the highest bliss that this world offers now that the gymnasium is again opened.

More Will Join  
It is believed that many more boys will join the class as soon as it is going. Every effort has been made to have the gymnasium, baths, bowling alley and hand ball courts in the finest condition. Friday a purchase was made of some apparatus to improve the equipment of the bath room and it is probable that some more additions will be made to the apparatus which is now in use in the gymnasium.

## NEWS OF THE CITY IN BRIEF.

Meeting of the Gideons: The Gideons will hold a meeting in the Congregational church parlors tomorrow afternoon at 5 o'clock. All Gideons invited.

A Bad Sprain: While returning from the circus Thursday Ross Bump stepped into an open hole at the end of the Jackson street bridge and received a number of severe sprains. He was able, however, to walk home.

Base Ball Game: Manager Fisher of Bleasdales park, and of the Bass Creek Base Ball team feels positive that the game which is scheduled for Sunday afternoon will surpass all other contests on those grounds this season. Janesville and Bass Creek will cross bats on tomorrow at 3:00 and the game will be "for blood," as one of the players said. It has been rumored by the Bass Creek men that Janesville will have an aggregation of players composed of the pick of the county, while Janesville has made a strong assertion that Bass Creek will do the same thing. At any rate each nine will be composed of the best men that can be brought together and a warm game is assured. A special train will be run to within a quarter of a mile of the grounds and carry-alls will be in waiting to take those who are in attendance, the rest of the way.

At J. M. Bostwick & Sons  
Special sale of suits, jackets, skirts Tuesday, the 9th. Call and have your measure taken for a new suit. S. and C. are up-to-date suit manufacturers.

Berbera Attack a Town.  
Tangier, Morocco, Sept. 6.—Berbera have again attacked Melkides, a town thirty-five miles from Fez, and Mohammed, brother of the sultan of Morocco Moulay Abd el Aziz, and pretender to the throne, has been released.

Suit Opening Tuesday  
Mr. Rittenhouse of Strawbridge and Clothier, Philadelphia, will be at our store, Tuesday, the 9th, with a large line of suits, jackets, skirts, prepared to take special orders made to one's measure.

J. M. BOSTWICK & SONS.

## NEWS OF A PERSONAL NATURE

A. E. Tanberg took in the Evansville Fair yesterday.

Richard McKewan took in the races at Monroe today.

James Smith of Milton called on friends in this city today.

W. W. Roderick of Brodhead was in the city this morning.

Charles E. Whalen of Madison visited friends in this city yesterday.

George G. Sutherland went to Chicago yesterday on legal business.

Mrs. A. J. Rider is home from an extended visit with friends in Minneapolis.

Rev. F. N. Schneider of Fort Atkinson was the guest of Father Goebel yesterday.

W. E. Evenson arrived in the city on Thursday evening after an extended business trip.

B. S. Hatch of Kenosha was in the city today and talked golf with some of the local enthusiasts.

Miss Nellie Mathews returned to Chicago yesterday after a pleasant visit with relatives in this city.

H. W. Childs was down from Edgerton today on business connected with the leaf tobacco market.

Attorneys M. G. Jeffris, W. G. Wheeler and William Smith had business before the supreme court at Madison yesterday.

## GIANT BLAST AT STONE QUARRY

THIRTEEN HUNDRED POUNDS OF EXPLOSIVES USED.

SET OFF SUNDAY AFTERNOON

It Will Be Larger Than the One Which Took Place Eight Weeks Ago.

Sunday afternoon between three and four o'clock a second blast will be made at the city crusher on somewhat the same order as the large one which was made about two months ago. The first blast was such a success that a second will be made on even a larger scale than the first. By the experiment experience was gained which will enable the men who have the work in charge to be tolerably certain of a perfect discharge. There will be practically no change made in the character and proportion of the explosives used.

All Preparations Made  
For some time past Caldwell and Briarty have been at work on the spot with their artesian well drilling machinery, and have sunk five 12-inch holes in the solid rock, in which the charges will be placed. 1,300 pounds of explosive will be used, 300 pounds of the amount being Giant blasting powder and the remainder dynamite. This quantity will be distributed in fifteen loadings of alternate powder and dynamite, three in each hole. The discharge will be set off as before by an electric battery.

On Larger Scale  
The mass of rock which is to be dislodged by this shot has a face of seventy feet, standing forty-five feet high. The rock extends back from the face seventeen feet.

Was Great Success  
That the last discharge was a great success has been testified to by the length of time that the rock blown out has supplied the crusher. About eight weeks have passed and some of the stone still remains, while the old time blasts would never furnish rock enough to last more than four or five days.

WRITER ASHAMED OF THE ARTICLE  
Anonymous Communications Will Receive No Attention—Others Will.

Last evening a communication with the signature of A. Citizen, was received at this office. It related to the present controversy over the closing of the theaters on Sunday nights and also on the closing of all stores and business in the city on that day. As it was unsigned the Gazette refuses to publish it. Any communication on local subjects will be received if signed although the Gazette reserves the right to reject any or all that are received. No communication which the writer is ashamed of and does not sign with his name will be considered.

**Rocky Mountain Tea taken now will keep the whole family well.** If it falls, bring it back and get your cash. 35 cts. Smith's Pharmacy.

## LOVE

Lives only in the present. Nature throws a glamour around youth and maiden, so that although they saw misery and marriage walking hand in hand in every home in the world they would fondly believe that they could marry and defy misery.

Young women should be taught to prepare for marriage. They should understand how to preserve their womanly health through the functional changes of maternity. Doctor Pierce's Favorite Prescription is the most effective medicine for the preservation of womanly health and the cure of womanly diseases. It regulates the periods, dries encumbering drains, heals inflammation and ulceration, and cures female weakness. It prepares the womanly organism for maternity and makes the birth hour practically painless. "Favorite Prescription" contains no alcohol, neither opium, cocaine, nor other narcotic.

"My wife was afflicted with uterine trouble for several years," writes Mr. J. C. Day of Little Britain, Lancaster Co., Pa., and in November, 1899, the doctor said she had a miscarriage. He treated her for about two months or so, but there was but little improvement. I wrote you under the name of 'Golden Medical Discovery' and you told us to get 'Golden Medical Discovery' also. She took six or seven bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery' and got out of bed and was able to attend to her household work."

Dr. Pierce's Pleasant Pellets cure biliousness.

## TRADE PROGRESS IS SATISFACTORY

### REPORTS OF FROST HELP CORN

Exports of Wheat, Including Flour, Exceed Those of Previous Week and Corresponding Time Last Year—Cotton Crop Causes Anxiety.

New York, Sept. 6.—"Steady progress is reported in trade and industry. Distribution of merchandise is heavy and a healthy tone is evident. Prices are well maintained by liberal consumption, which more than neutralizes the effect of enlarged facilities for production. Domestic conditions continue much better than those existing abroad and home trade received more attention than foreign commerce.

**Farm Products Advance.**  
"Farm products have appreciated in value owing to less favorable weather and producers will be fully compensated for any decrease in quantity by the higher quotations. Earnings of railways during August were 3.6 per cent larger than a year ago and 18.3 per cent in excess of 1900."

R. G. Dunn & Co.'s Weekly Review of Trade makes the foregoing resume of the industrial situation. Continuing it says:

**Buy Better Grades.**  
"Quotations of footwear are fully maintained at the recent advance. It is noteworthy that buying has been heaviest in the finer grades and sample lines of spring styles are also most sought in the good qualities. A good feature is the urgency for quick shipment, indicating that stocks are low. Leather sells freely at the recent advance in quotations, but hides appear to have risen above the views of tanners, resulting in a quiet market."

**Advancing raw material aroused much anxiety among purchasers of cotton goods and there were numerous inquiries for forward contracts, but the volume of business was not materially increased.**

**Frost Helps Corn.**  
"Agricultural conditions are less satisfactory, and if the official estimate as to cotton is not exaggerated the yield will not be large enough to sustain consumption at the present rate. Wheat is coming forward freely, though receipts do not equal the abnormally heavy movement a year ago. Corn developed strength because of fears that injury would be done by frost, and the movement is very slow compared with last year's figures."

**Grain Exports.**  
Branstreet's says: "Wheat, including flour, exports for the week ended Sept. 4, aggregate 6,276,299 bushels, against 5,436,530 last week, 4,406,064 in this week last year and 3,373,100 in 1900. Wheat exports since July 1 aggregate 44,657,596 bushels, against 61,692,662 last season and 30,317,851 in 1900. Corn exports aggregate 21,196 bushels, against 115,150 last week, 550,876 last year and 3,162,271 in 1900. For the fiscal year exports are \$39,839 bushels, against 10,743,845 last season and 35,254,250 in 1900."

"Business failures for the week ended Sept. 4 number 135, as against 140 last week and 169 in this week last year. In Canada for the week the number is fourteen, as against twenty last week."

### MILITIA MAJOR IS FOUND DEAD

Bullet Hole Through His Head Tends to Indicate Suicide.

Peoria, Ill., Sept. 6.—Major William S. Brackett of this city was found dead in bed with a bullet hole through his head. It is supposed he killed himself because of despondency over family troubles, having secured a divorce from his wife recently. Mr. Brackett was a major in the Illinois National Guard and had large mining and grazing interests in Montana.

### LAWYER KILLS HIS ASSAILANT

Slays Man Who Threatened His Life for Defending Another.

Jackson, Ky., Sept. 6.—George Smith was shot and instantly killed at Frozen by Charles Byrd, a Jackson attorney. Byrd had been employed to defend Bud Bohannon, who killed Smith's brother, Elkanah Smith, last spring, and Smith, it is said, had on one or two occasions threatened to kill Byrd. Byrd has not been captured.

### Favors National Ownership.

London, Sept. 6.—The Trades Union Congress passed resolutions condemning the growth of gigantic trusts which are injurious to the working classes. The only permanent solution of the difficulty was decided to be national ownership with control of monopolies.

### Ship for Marconi.

Rome, Sept. 6.—King Victor Emmanuel has ordered the battleship Carlo Alberto placed at the disposal of Signor Marconi for wireless telegraph experiments in Europe and America.

### Tumbler Plant Resumes.

Huntington, W. Va., Sept. 6.—The plant of the Huntington Tumbler company, recently shut down owing to a strike of the "carry-in" boys, resumed work, the trouble having been adjusted.

### Boy Horsethief.

Vandalia, Ill., Sept. 6.—There is incarcerated in the county jail here possibly the youngest horse thief in the country. He says he is Frank Smith and is but twelve years old.

Mr. and Mrs. H. A. Jones of Detroit spent yesterday in this city.

### Japan Suffers From Locusts.

Victoria, B. C., Sept. 6.—Immense swarms of locusts have appeared between Kiangyn and Chinkiang, Japan, doing great harm to the rice fields.

### Portuguese Minister Dead.

Lisbon, Sept. 6.—Senor Ferreira Almada, Portuguese Minister of Marine, is dead.

## A FITTING TRIBUTE

### A Citizen of Jamesville Pays a Well-Earned Tribute.

The following public statement of a respected citizen, adds one more emphatic endorsement of merit to the scores that have appeared before:

Mr. E. Dillenbeck, of 126 Milton Ave retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples drug store, I had her use the remedy. It did for her all that could be expected. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

For sale by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for Y. sole agents for U. S. Also on sale at King's Pharmacy.

## MRS. IDA McDONALD,

Supreme Deputy of the Maccabees of the World.

### MRS. McDONALD.

No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui. Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States. Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health proper care—failed to take warning that the symptoms of approaching kidney trouble gave her, the yellow complexion and torpid liver. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

"For four years I suffered with torpid liver until my skin looked yellow and dull. I then found my kidneys were affected and had severe pains across my back, and I felt

Mrs. Ida McDonald.

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement."

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you. Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will or will you not secure relief now by taking Wine of Cardui? All druggists sell \$1.00 bottles of Wine of Cardui as well as 25c packages of Theodor's Black-Draught.

## WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

## TO THE PUBLIC.

We take pleasure in announcing the addition of Mr. T. C. Zohn, a tailor and cutter of rare ability to our Merchant Tailoring department. Mr. Zohn is the equal of the best men of the city tailoring establishments and has filled like positions in the leading houses in the cities. Mr. Zohn will be assisted by a competent corps of tailors who receive the Chicago Scale of wages, thus securing the best of service. Our fall stock of clothes is here complete in every detail, selected with great care. Every pattern is individual, there being only one each.

Blacks and blues of Chevlots will be popular, therefore they will be plentiful in the stock; checks and stripes are in abundance. Perfect style, workmanship and satisfaction are guaranteed in all work. Inspection is freely invited.

WEST MILWAUKEE STREET.

#### ORCHESTRA GIVES CONCERT PROGRAM

Court Street Church Musical Organization Held a Benefit Entertainment Last Evening.

Last evening an entertainment was given in the parlors of the Court St. M. E. church for the benefit of the church orchestra but owing to the inclement weather the patronage was not so liberal as could have been desired. The orchestra rendered an excellent concert program which was thoroughly appreciated by the audience, every number being greeted by hearty applause.

The orchestra, which takes an important part in the services of the church, includes the following musicians: Miss Leona B. Stevens, pianist; Will McLellan and Will Poeschen violins; Harry G. Shurtleff, cornet; Oscar F. Bucklin, trombone; and Arthur Clark baritone.

The program given last evening included one selection "Knight of Liberty," one of several pieces of music which have been composed by J. S. Taylor of this city. Last evening's program was as follows:

**The Program**  
The Storm King—Pauli.  
Knight of Liberty—J. S. Taylor.  
Pavane—Thomas S. Allen.  
Niphrata Overture—Edward Hazel.  
To Thee—Otto J. Muller.  
A Signal From Mars—Raymond Taylor.

After the program ice cream and cake were served by the young ladies of the church at small tables arranged under a canopy of red, white and blue streamers of bunting. In addition to the refreshments there was a season of general sociability which was enjoyed heartily by all those present.
